REMARKS

Claims 10 and 22 have been amended to delete "(O, x, y, z)," in conformity with the previous amendments to claims 1 and 14.

In addition, claims 1 and 14 have been amended to include a limitation (coordinates defined by intensity distribution) that was unintentionally omitted, but that is discussed in the second bullet of item 4 on page 14 of the April 24, 2006 response.

Reconsideration of the application is again respectfully requested, based on the above amendments as well as the amendments and remarks presented in the April 24, 2006 response.

If any further amendments are required, the Examiner is urged to telephone the undersigned at anytime to avoid the need for another Official Action.

Respectfully submitted,

BACON & THOMAS, PLLC
